# COMPANY PROFILE

## BACKGROUND

Green Door Environmental is based in Hilton, KwaZulu-Natal and aims to provide an efficient, timeous and affordable service to clients whilst maintaining a high standard of environmental responsibility.

Green Door Environmental is a company dedicated to providing a full suite of environmental services for all sectors of investment and development. The key personnel have extensive experience in a range of development sectors which include:

### ❖ Residential

Low income to exclusive estates

### ❖ Retail & Commercial

Shopping centers to warehousing

### ❖ Transportation

Rail, bridges, roads, ports

### ❖ Service Infrastructure

Landfill sites, water & waste water treatment plants, hospitals, schools

### ❖ Industrial & Manufacturing

Light to heavy industries, refineries, asphalt facilities

### ❖ Mining

Borrow pits, prospecting, mining permits & rights

### ❖ Agriculture & Forestry

Effluent lagoons, poultry & piggeries, dams, agri-industrial

### ❖ Renewable Energy

Biomass, solar

### ❖ Eco-tourism & Rehabilitation

Tourist venues & accommodation, wetland rehabilitation

As a small company, we are able to provide a direct and personalized service to our clients. We are able to provide fresh, innovative solutions, which uphold environmental sustainability, whilst satisfying the need for socio-economic development.

## KEY SERVICES

Green Door Environmental offers a variety of key services in the environmental assessment and management industry. Our key service areas include:

- ❖ **Basic Assessment Applications**
- ❖ **Scoping and Environmental Impact Assessment (EIA) Applications**
- ❖ **Environmental Management Programmes (all phases)**
- ❖ **Waste Management License Applications (WMLA)**
- ❖ **Water Use License Applications (WULA)**
- ❖ **Mining Applications – South African Mineral Resources Administration System (SAMRAD)**
- ❖ **Environment Control Officers (ECO) to conduct Environmental Monitoring and Auditing**
- ❖ **Environmental Feasibility Assessments**
- ❖ **Environmental Exemptions and resolution of Non-compliance**
- ❖ **Environmental Planning**
- ❖ **Public Participation**
- ❖ **Environmental Advice**

## KEY PERSONNEL

Green Door Environmental's personnel have a wealth of experience in the field of environmental assessment:

### **Dr. Rebecca Bowd M. Env. Dev. (Environmental Management):**

Rebecca has more than ten years experience in Integrated Environmental Management. She has a PhD in Environmental Impact Assessment and Social Ecological Systems (SES) from the University of KwaZulu-Natal. She has extensive experience in the management of Basic Assessments, Scoping and EIA processes, as well as the production and implementation of Environmental Management Programmes and Compliance Monitoring. She is also experienced in Environmental Feasibility Assessments, Environmental Planning and Permit and License Applications (e.g. Water Use Licenses, Mining Permits, Waste Management Licenses). Rebecca is registered with the South African Institute of Occupational Safety and Health as a GradIOSHSA, and is a certified EAP with the board of Environmental Assessment Practitioners of South Africa (EAPSA) and the Institute of Waste Management of South Africa (IWMSA).

#### Contact:

E-mail: [rebecca@greendoorgroup.co.za](mailto:rebecca@greendoorgroup.co.za)

### **Dr. Phillipa Harrison (Geography):**

Phillipa has four years' experience in the Environmental Assessment field. She completed her studies at the University of KwaZulu-Natal and has a PhD in Geographical Science, with a focus on tourism impacts and natural resource management. She has experience in conducting Basic Assessment and Scoping and EIA processes, compiling Environmental Management Programmes, and undertaking Water Use and Waste Management License Applications. She has worked on a wide range of projects for industrial, agricultural, commercial, linear and waste management activities.

#### Contact:

Email: [phillipa@greendoorgroup.co.za](mailto:phillipa@greendoorgroup.co.za)

### **Jean Baverstock BA, (Geog & Ind Psych):**

Jean has a BSc (Hons) in Geography and Environmental Management and over twenty years' experience in projects ranging from project design stages through to implementation. Involved in a variety of projects from National Traffic Information Systems (NATIS) implementation KwaZulu-Natal, design and implementation of various London Underground Congestion Relief and Mobility Impaired Access projects, Olympics 2012 London Transport Plan, to more recently specialisation in environmental planning and approval phases for Green Door Environmental. Skills offered include project benefit identification, development of project cost estimates, business cases, risk management, stakeholder management and project programmes. For Green Door Environmental, experience has been gained in environmental impact assessment, environmental monitoring and auditing, environmental planning, waste management and municipal service delivery projects.

#### Contact:

Email: [jean@greendoorgroup.co.za](mailto:jean@greendoorgroup.co.za)

### **Cilla Pickering (Environmental Economics):**

Cilla completed her studies at Rhodes University, where she finished with an Honours in Environmental Economics. She has over 7 years' experience in conservation research and GIS applications. She is now completing a Master's Degree in Resource Conservation Biology, through the University of Witwatersrand. She has experience in Basic Assessment and Scoping and EIA processes, the compilation of Environmental Management Programmes (EMPr), conducting Environmental Site Audits (ECO), and undertaking Water Use License and Waste Management License Applications. Cilla is a member of the International Association for Impact Assessment (IAIA).

#### Contact:

Email: [cilla@greendoorgroup.co.za](mailto:cilla@greendoorgroup.co.za)

### **Kerryn Coulthard (Environmental Management):**

Kerryn is a junior Environmental Assessment Practitioner. She completed her studies at Stellenbosch University and then at the University of KwaZulu-Natal, and holds a BSc in Geography and Environmental Studies. She has experience in conducting Basic Assessment and Scoping and EIA processes, compiling Environmental Management Programmes (EMPr), conducting Environmental Site Audits (ECO), and undertaking Water Use and Waste Management License Applications. Kerryn is a member of the International Association for Impact Assessment (IAIA).
